Butte County,	246
Santa Cruz County,	194
31 Other Counties,	2,530
Total Number of Subscribers,	18,263

General Offices:

Telephone Bldg. 216 Bush St.

San Francisco

H. S. CROCKER COMPANY, PRINTERS, S. F.

This List

contains the names of 18,263 Telephone subscribers in the State of California. If you want to communicate with anyone, look him up in the list before you write or telegraph or go to see him. He may have a telephone and you may be able to save half an hour or half a day.

PROPERTY OF
COUNTY CLERK

JANUARY, 1897.

LIST OF SUBSCRIBERS

OF THE

Pacific Telephone and Telegraph Co.

AND

Sunset Telephone and Telegraph Co.

ISSUED BY THE

Pacific Telephone and Telegraph Co.

EXECUTIVE AND GENERAL OFFICES:

TELEPHONE BUILDING, - - - SAN FRANCISCO, CAL.

JNO. I. SABIN, President and General Manager.
LOUIS GLASS, Assistant General Manager.
WM. F. MARTIN, Auditor.

OLIVER ELDRIDGE, Vice-President.
F. W. EATON, Sec'ty and Treasurer.
E. S. PILLSBURY, General Counsel.

GENERAL INFORMATION.

SUBSCRIBERS' NUMBERS.—Each subscriber's telephone is designated by a number placed to the left of his name. The number is prefixed by the name of the exchange with which the subscriber is connected. In calling for subscribers, it is necessary that both the exchange *name* and *number* be given.

INSTRUCTIONS FOR USING TELEPHONE.—In talking, speak in a moderate tone and directly into the transmitter, with the lips as close as possible to the mouthpiece.

To call Central Office, take the hand telephone from the hook, place to your ear, and operator will say, "Number?"

When operator receives exchange name and number of subscriber wanted, she will repeat them to you in order to avoid mistakes.

Remain with telephone to your ear until party called for has answered.

Should the operator connect your line on to the phonograph and you hear the words, "Line is busy, call again," it means that the desired subscriber's line is connected with some other.

Should the operator say: "The party called for does not reply; if you wish, I will call you when we can get him," you will kindly give us the number of your telephone, if you wish us to do so.

When a conversation is finished, be sure to replace the hand telephone on hook in original position.

HOW TO ANSWER A TELEPHONE CALL.—Remove the hand telephone from the hook and say: "Here is Main 297" (or whatever your number may be). The party calling should say: "This is Main 298 (or whatever the number may be). Much friction and annoyance will be avoided if this simple plan is carried out.

TELEPHONE MAIN 600.—In addition to the original use for which this department was established, that is, the reception of complaints, and for the general benefit of the service, more operators have been added whose duty it is to give attention to subscribers asking for general information regarding change of subscribers' number, name, location, names not in book, etc., etc. These operators are not permitted to receive calls or make switches to subscribers whose names are regularly printed and numbered in the Telephone List.

NON-SUBSCRIBERS.—When it is desired to have a non-subscriber called into one of our public offices at a distant place, a messenger will be sent for at the expense of the party ordering service.

Non-subscribers can have the same service as regular subscribers by application at any of our public offices and paying our established rates.

CITY TELEGRAMS.—Subscribers can send messages between the hours of 8 A. M. and 6 P. M., to be written out by the receiving operator and delivered in the SAME CITY for twenty-five cents for a message of twenty words or less, except between San Francisco and Butchertown; this tariff is twenty-five cents for ten words, and two cents for each additional word. At other hours a SPECIAL charge may be made for delivery. First write out your message, then call for Telephone No. 910 and transmit to that operator, requiring her to repeat it back to you to guard against errors.

LONG DISTANCE TELEPHONE.

Subscribers' Tariff from San Francisco.

PRIVATE LINE RATES, 3 MINUTES.

★1	★2	★3	★4	★5
15 Cents.	25 Cents.	35 Cents.	40 Cents.	50 Cents.

The letter **X** before rate letter denotes no extra charge to Non-subscribers. To all other Tariffs add Ten Cents for Non-subscribers.

The letter **Z** before rate letter denotes rate for Non-subscribers.

The ★ before the Rate denotes Private Lines with which the Sunset Telephone and Telegraph Company connects. Add Private Line Rates and Letter Rates (**A, B, C,** etc.) together to obtain total rate.

TELEPHONE SERVICE

long ago ceased to apply merely to local communication.

Telephonic conversations over lines 1,000 to 1,500 miles long are now of everyday occurrence.

A subscriber having a Long Distance Telephone and metallic circuit line is enabled to hold satisfactory communication with the most remote points reached by the Long Distance system. A list of points and tariffs will be found in this book.

If You Have

telephonic communication with our exchange, why not also be in constant touch with the several departments of your business?

Our "Switchboard System" is especially adapted to this need. It provides for a switchboard at your premises, connected with our Central Office by any desired number of trunk lines. From the switchboard lines radiate to the various departments of your business. Each line is equipped with long distance instruments. Upon request we will be pleased to send a special agent to explain the system.

A Little Telephoning

saves much traveling. Five minutes' talk with Sacramento or Stockton may save you half a day. Ten minutes with Los Angeles may save you a week. Intermediate points correspondingly.

One Moment You Are in San Francisco

the next in Los Angeles, or San Jose, or Fresno, or Colusa, as the case may be, where you talk with a correspondent for some minutes, and a second later you are back in your own office, which, in fact, you have never left. When you can do this by telephone, why travel, or telegraph, or write ?

Many Business Men

consider a personal interview with a correspondent far preferable to communication by mail or telegraph, and often sacrifice much valuable time in traveling for the sake of half an hour's talk.

Telephone service enables you to hold personal interviews with correspondents far and near without moving from your office.

Subscribers having full Long Distance equipment can talk as comfortably to Sacramento, Los Angeles, Chico or San Bernardino as they can to local points.

If you have telephonic communication with our exchange, why not also be in constant touch with the several departments of your business?

Our "Switchboard System" is especially adapted to this need. It provides for a switchboard at your premises connected with our Central Office by any desired number of trunk lines. From the switchboard lines radiate to the various departments of your business. Each line is equipped with long distance instruments. Upon request we will be pleased to send a special agent to explain the system.

Look Over This Book Carefully

Perhaps you are unaware how much you can do—
how many people you can reach by telephone.

The Business You Cannot Do

by mail because time is too precious, or by telegraph because it would take too many words to express, and the reply must be awaited, or by personal interview because traveling is expensive and tedious and robs you of your time, you can do by TELEPHONE, which gives you INSTANTANEOUS COMMUNICATION.

You can make

a circular tour of the principal cities in the State of California in a morning by telephone. Consider the traveling expenses and the time saved.

STOCKTON. JOHN KEARNS, Superintendent.

FIRE!

NOTICE TO TELEPHONE SUBSCRIBERS.

Do not send in a FIRE CALL for any Fire which may be over TWO BLOCKS distant from your telephone.

Any call given to the Central Office Telephone Clerk must be in accordance with the above instructions, otherwise nc attention will be given it.

Make your communication clear and brief.

STAY BY YOUR TELEPHONE

until you are SURE that the Central Office has received your call and understands it, and you receive the answer "All Right."

This is necessary to avoid confusion and the sending in of alarms which may lead the Engines in a wrong direction.

MOST IMPORTANT.

Don't touch your telephone for Fire Alarm purposes unless the Fire is within TWO BLOCKS of your place.
